X

Have undergone continuous learning / mastery of new digital skills (commercial or technical) throughout their career

Have demonstrated exceptional ability in the field by making academic contributions through research

Feedback – further details

Details of decision made should be noted using the check boxes below:

People who enter through Tier 1 (Exceptional Talent) are expected to have an outstanding track record/career history. The reviewers felt that the applicant's track record was not sufficiently strong to be endorsed under Tier 1 (Exceptional Talent).

The strength of the evidence as presented in the supporting statement(s), persuaded the reviewers that the applicant met the mandatory and qualifying criteria and should therefore be endorsed under Tier 1 (Exceptional Talent).

The reviewers felt the application demonstrated that the applicant's presence in the UK will be of sufficient merit to be endorsed for entry through the Tier 1 (Exceptional Talent) route

The reviewers felt that there was sufficient evidence within the application to demonstrate that the applicant could be considered a leader/potential leader in the field of digital technology

Further specific details (if required): Whilst the candidate may be great at what he does there is not sufficient evidence here to endorse on exceptional talent. He has not outline in his evidence how he has a track record of innovation or where he has made significant technical, commercial, or entrepreneurial contributions in the digital technology sector. Without more concrete evidence examples, we are unable to endorse for exceptional talent or promise.

The completed form should be returned as an attachment via email to the [Tier 1 Exceptional Talent Administration](#) mailbox.
