## Welcome to UK Visa and Citizenship Application Services (UKVCAS)

UKVCAS is the name of the service run by Sopra Steria on behalf of UK Visas and Immigration (UKVI) and forms part of your visa or citizenship application process.

This email has been sent to you in case you have not yet registered with UKVCAS.

When you register and log into your UKVCAS account you will be able to:

- Book an appointment for a UKVCAS Service Point so we can collect your biometric information and submit your supporting information to UKVI. **See note below for some exceptions**
- Upload your supporting documents
- Buy extra services to help make your appointment easier

**Note:**

If we send an email to your UKVCAS registered email address called **'Important information about your application to UKVI'**:

- You will not be able to book an appointment at a UKVCAS Service Point immediately
- You may be invited to use the UKVCAS IDV app
- Wait until we contact you again to confirm if you should book an appointment or use the UKVCAS IDV app.

Once registered, check the UKVCAS website and your registered email address for updates to the UKVCAS service.

Should your UKVCAS registration fail, try again using this link: [Register your UKVCAS Account here](#).

Kind regards

UKVCAS Customer Services
